

# Health Savings Account (HSA) Request for Return of Excess Contributions or Request to Close an HSA Opened in Error -Instructions-

Use this form to correct either of these situations.

**Excess Contributions**: When you have contributed more to your HSA than you're allowed for the tax year, you have an

excess contribution. You have until the tax filing deadline to withdraw an excess contribution from the prior tax year without penalty. Generally, the tax filing deadline is April 15 of the next year. You may have to file additional tax forms. Consult with a tax advisor if you have any

questions about your HSA contributions.

**HSA Opened in Error**: If you opened an HSA in error because you were never eligible, you can close it. If you have any

funds in the HSA, we'll return them to you. You may refer to Internal Revenue Service (IRS)

Publication 969 for more information.

Note: If you need help with this form, please call Member Services. The number is on the back of your HSA debit card.

Below are a few reminders as you complete the form.

- Complete all sections.
- If requesting a return of excess contributions, make sure that you include the year of the excess contribution (section 2).
- If the excess contribution occurred for multiple years, list each year and the corresponding amount.
- If your account balance is less than this requested amount, we'll return up to the account balance. If you have an investment account with your HSA, you can liquidate funds to have them available for this request. You may want to consult with your tax advisor to discuss any possible tax consequences.
- You must sign this form (section 3).
